ASSOCIATION
of King and Snohomish Counties

BETTER TOGETHER

MBAKS Community Stewardship

One event at a time, our time and talents help make the Puget Sound region a better place to live for EVERYONE.

RAMPATHON

Give our neighbors in need the freedom to move about the neighborhood! A new wheelchair access ramp opens a world of possibility for both recipients and caregivers.

In 2022, 266 volunteers built 21 ramps!

PAINTING A BETTER TOMORROW

Picassos of all skill levels can make a difference for a nonprofit service agency via a fresh coat of paint. Paint is often the first budget cut for our area facilities. We fix that!

In 2021, volunteers helped paint the walls of the Atlantic Street Center in Seattle.

REBUILDING TOGETHER SEATTLE

Help low-income families receive much-needed repairs to their homes via unique projects that truly make a day-to-day difference. Even if you're not handy, you can still lend a helping hand!

TEAM HOMEBUILDING

Bring your specialized or general labor skills (such as sweeping or raking) for a day of helping families reach their goal of homeownership. Community volunteer days and scheduled team building events are available for companies of all sizes.

HOUSING HOPE

Housing Hope, a local low-income housing program, offers opportunities for those in need in Snohomish County, including employment readiness, child development, and protection programs.
